## Flax Fiber Dolls For Pipe Sealing

**ONE THREAD AT A TIME**

# SEAL IT ONCE

# SEAL IT RIGHT

Our Plumber's Hemp & Flax Sliver is a natural sealing fiber made from high-grade Egyptian flax, trusted by professionals for reliable, leak-free performance in water, heating, and gas systems. Used with jointing compounds, it provides a secure and flexible seal that resists temperature changes, vibration, and corrosion.

## Plumber's Flax Sliver in a Dispenser

Convenient sealed dispenser containing continuous natural flax sliver for plumbing and sealing applications. Ensures easy handling, clean storage, and consistent fiber feed for precise, leak-proof joint sealing.

**Material:** 100% Natural Flax Fiber.

**Pack Weight:** 40 g – 80 g.(customizable)

**Color:** Natural beige.

**Fiber Length:** Long, fine, and combed for consistent sealing.

**Shelf Life:** Long-lasting under dry storage conditions.

# Key Features & Applications

---

- Ready-to-use, tangle-free dispensing for efficiency and cleanliness
- Moisture- and dust-protected sealed packaging
- Compatible with jointing paste for water, gas, and heating installations
- Eco-friendly and biodegradable, made from renewable flax
- ISO-certified production ensuring consistent quality and purity
- Ideal for professional plumbers and DIY use

## Applications:

---

- Sealing threaded pipe joints in plumbing, gas, and heating systems
- Used in industrial maintenance and domestic repair kits
- Suitable for portable toolboxes and retail display shelves

# Flax Sliver Dolls

## Jokia Range

Our Flax Dolls range of flax sliver dolls offers a reliable, eco-friendly solution for sealing threaded pipe joints. Made from long Egyptian flax fibers, these hand-tied bundles provide excellent sealing when combined with jointing paste. Ideal for water, gas, and heating systems, they remain a trusted choice among professional plumbers worldwide.

### Jokia – 1-Head Doll

#### Standard Form for Everyday Sealing

A classic hand-tied bundle with one free fiber end, ideal for precise fiber control and moderate pipe sizes.

**Material:** 100% Natural Flax Fiber.  
**Weight:** 50 g – 100 g(customizable)  
**Color:** Natural beige.

- ✓ Handcrafted from long, combed flax
- ✓ Clean, tangle-free application
- ✓ Ideal for retail packaging
- ✓ Biodegradable and eco-safe

**Common Uses:** Domestic plumbing, heating pipes, threaded joints in small-to-medium fittings

# Flax Doll-2 Heads

## Dual-Tuft Design for Greater Flexibility

---

Folded and tied in the center to create two pullable fiber heads, offering better portioning for larger joints.

**Material:** 100% Natural Flax Fiber.  
**Weight:** 170 g – 250 g (customizable)  
**Color:** Natural beige.

- ✓ Two working ends for fast access
- ✓ Ideal for professional kits and bulk use
- ✓ Strong, uniform fiber length
- ✓ Eco-conscious and handmade

**Common Uses:** Large water/gas pipe threads, commercial installations, HVAC systems

# Flax Dolls-4 Heads

## High-Yield Format with Multiple Pull Points

---

A four-head twist, perfect for continuous use or busy job sites. Designed for clean handling and minimal waste.

**Material:** 100% Natural Flax Fiber.  
**Weight:** 200 g – 250 g (customizable)  
**Color:** Natural beige.

- ✓ Multiple tufted ends
- ✓ Convenient for repetitive tasks
- ✓ Same premium flax, more access points
- ✓ ISO-grade fiber processing

**Common Uses:** Industrial sealing, high-volume plumbing work, sealing kits for gas or water systems
